**TUV300**

**TOUGH AND STYLISH SUV**

**Mahindra**  
Rise.

## INSPIRATIONAL

A new breed of SUV from Mahindra, the TUV300 is inspired in design by a battle tank, giving it a tough character in a compact mid-sized package. Its imposing bumpers, and toughened, high-strength steel body allow it to tackle any challenge you may throw at it, along with the high ground clearance and large windows that provide you

with maximum visibility as much in the city traffic as on the open road. Static-bending headlamps and chrome-accented fog lamps give it real street creds, too.

The premium interior provides superb levels of comfort, and more space than you would believe possible in a mid-sized SUV of this class with seating for seven (5+2). High

quality fabric seats are provided throughout and finished in black and beige, with full lumbar support in the front row. The colour scheme is followed through to the rest of the interior and finished with chrome and metal accents, while the piano black hexagonal centre console boasts a 2-DIN Infotainment system with driver information, Bluetooth and USB/aux connectivity. There are also convenient controls on the steering wheel for hands-free phone and audio functions.

Every convenience has been considered, with armrests for driver and co-driver, power windows all round, multiple storage compartments, cup/bottle holders and mobile charging points in front and back. There is even a programmed voice alert system that reminds you to buckle up and other essential information, along with remote locking and keyless entry for your added convenience.

*Above - Clean, bold lines give the TUV300 a sleek but imposing silhouette.*

*Right - Concept and design drawings explain better than words the inspiration for the TUVs striking good looks.*

**AT HOME WHEREVER YOU ARE - COMPLETE WITH ATTITUDE**

01 The legendary mHawk<sup>100</sup> turbodiesel engine has the power of a hundred horses to carry you effortlessly wherever you need to go.

02 Attractive two-tone interior with piano black inset and chrome/metal detailing provides a feeling of luxury and attention to detail.

## POWER AT YOUR FINGERTIPS

- 03 The mHawk<sup>100</sup> turbodiesel engine with 2-stage turbocharger to provide all the zip you will need has a proven track record of reliability along with class leading power and economy.
- 04 The toughened high-strength steel body-shell with reinforced side intrusion beams
- 05 Dual airbags in the front to keep you safe in case of frontal impact.
- 06 The contoured front seats provide full lumbar support to minimise strain however long the road.

- 07 Armrests are also included for driver and co-driver to keep you comfortable.
- 08 The driver's seat is also height adjustable to ensure your comfort.
- 09 Air-conditioning with heater for comfort whatever the weather conditions outside.
- 10 The Infotainment display showing Intellipark assist.
- 11 Convenient audio and telephone controls on the steering wheel to ensure your hands stay where they should be.

The same technological approach is carried through to the business end too: The TUV300 is powered by Mahindra's advanced 1.5 litre mHawk<sup>100</sup> turbodiesel engine, augmented by a two-stage turbocharger to provide the power of a hundred horses (73.5 kW) and a class-leading 240 Nm of torque. Fuel consumption is provided by the TUVs ECO mode option that provides a serious benefit in real driving conditions. This is enhanced with Mahindra's Micro-Hybrid technology with auto start/stop functionality for when the vehicle is stationary.

The TUV300 will keep you and your family safe, too, as it boasts a toughened, high-strength steel body shell, complete with crumple zones, hydro-formed crush tips and strong side-intrusion beams for all-round impact protection. There are dual airbags in the front and ABS (Anti-lock Braking System) with EBD (Electronic Brake-force Distribution) comes as standard to ensure you retain control in an emergency. Other features include Intellipark with reverse assist and a comprehensive digital immobiliser and anti-theft warning system.

Handling is also a dream in the TUV300 with Cushion Suspension Technology and anti-roll bars, and a chassis with high-torsional stiffness and durability, which delivers a car-like ride.

## SAFETY YOU CAN FEEL

ABS with EBD will keep you in control when you think you're losing control

Technical data		TUV300 T8
Engine type	mHawk <sup>100</sup> Turbodiesel Engine	
Turbocharger	2-Stage Turbocharger
