

GROW UP.

DON'T GROW OLD.

KUV₁₀₀
the young suv

Mahindra
Rise.

The aggressive design and dominating body lines of the KUV100 are set to redefine the compact vehicle category for all time. With its bold stance and imposing front fascia it is certainly no hatchback, not even a crossover, but muscles in as a genuine compact SUV. Tall and wide the KUV100 stands proud over its competitors, with its unique, wraparound headlamps, trendy daytime running lamps and chrome-accentuated front and rear fog lamps. It's not all about looks either, the KUV100 is powered by the all-new **mFalcon** engines developed by Mahindra in both petrol and diesel options, and built to deliver high low-end torque to ensure peppy, responsive performance and great fuel economy.

The KUV100 is offered with a choice of petrol and turbodiesel drivetrains. Petrol models are equipped with the three-cylinder **mFalcon G80**, featuring multipoint fuel injection and dual variable valve timing. The lightweight, all-aluminium, 1198 cc unit produces 61 kW of maximum power at 5500 r/min, with a torque peak of 115 Nm. For diesel fans, the three-cylinder **mFalcon D75** intercooled turbodiesel engine features

common-rail direct-injection technology, and produces a maximum output of 57 kW at 3750 r/min, linked to 190 Nm of torque, sustained between 1750 and 2250 r/min for brisk acceleration and overtaking. Micro-hybrid technology (engine start/stop) ensures higher fuel efficiency, whilst Power/ECD mode available in the diesel K8 allows you to choose how you'd like to drive. The power package is complemented with Cayman Dynamics tuned suspension to provide superior ride and handling wherever you go.

***Beauty from without,
and strength from within.***

Sunglasses inspired the design of the KUV100 headlamps to provide a distinctive look.

The all-new mFalcon engines provide ample power to ensure a peppy, responsive drive without compromising on fuel economy. The Diesel variant in fact produces a 'best-in-class' performance against other diesel SUVs.

At the top of its class.

08

01 - Silver accentuated rear door handles.

02 - Clenched fist side mirrors for a rugged look.

03 - Spider design multi-spoked alloy wheels.

04 - Stylish rear light cluster and dual rear fog lamps.

05 - Premium two tone interior with piano-black inserts.

06 - Flat-folding rear seats provide generous packing space.

07 - Lighting in the doors to help you find your way.

08 - Innovative rear underfloor storage space keeps clutter at bay.

The KUV100s good looks are further enhanced with the distinctive high-line rear door handles, sporty spider-design alloy wheels, rear spoiler and stylish roof rails, whilst protective cladding on the sides of the body and on the wheel arches complete the authentic SUV look.

The high-end styling continues on the inside with the refined and spacious interiors providing comfortable seating for five passengers.

Premium two-tone interior finishes with piano-black inserts create a distinctive look, along with blue mood lighting in the door handles and the funky joystick-like gearshift.

You will find her practical too, with a flat rear floor that provides innovative under-floor storage space. And when there's a lot to cart about, the rear seat folds flat to create additional carrying space.

Class

Designed around you.

The KUV100 is all about comfort and convenience designed with you in mind, and backed up by accessible technology at every level. The infotainment centre with integrated driver information system and crystal-clear TFT display provides for Bluetooth phone and audio connectivity, hands-free calling and steering-mounted controls for audio and phone. The system will also sync seamlessly with the Mahindra BlueSense™ Vehicle Management App downloadable on your phone. There are 12V power outlets in both front and second row.

The sporty front seats with integrated headrests provide wrap around comfort, whilst adjustable headrests are provided for the three passengers in the rear. The driver's seat is height adjustable and the steering wheel is also tiltable to ensure driving comfort. Electric power steering comes as standard on all variants.

Detailing abounds for a vehicle in this class, with illuminated key ring and remote keyless entry, coin holder and driver's footrest, cup-holders in the armrests, one-litre bottle holders in all doors and even a cooled glove box.

- 01 - Infotainment centre with integrated Driver Information System (DIS) and crystal-clear TFT display.
- 02- Gearshift display on instrument panel.
- 03 - Telephone and volume controls on steering wheel.
- 04 - Synchronicity with the Mahindra BlueSense™ App downloadable on your smartphone.
- 05 - 12V power outlets in front and back.
- 6 - Keyless entry and central locking with your Remote Key.

- 7 - Adjustable headrests on front seats.
- 8 - Height adjustable driver's seat to ensure driving comfort.
- 9 - Cooled glove compartment .

Peace of mind.

01 - The dual airbags will help to cushion any impact in case of accident.

02 - Speed sensors lock doors automatically as you drive off keeping you and your passengers safe.

03 - The hazard lights are automatically activated in the event of sudden braking.

04 - The monocoque body construction is the essence of the KUV100's driving dynamics. Found only in the most modern SUVs, the vehicle body and platform are integrated into one, providing an excellent power to weight ratio and unmatched safety and handling.

05 - The Anti-lock Braking System (ABS) with Electronic Brakeforce Distribution (EBD) will bring you to a stop in the shortest possible distance without losing control.

The KUV100 is all about safety too, with dual front airbags, child safety locks on the rear doors, and automatic hazard lights on emergency braking. The robust monocoque construction envelops you and your passengers in a protective frame whilst ensuring superior ride and handling. Anti-lock braking (ABS) with Electronic Brakeforce Distribution (EBD) and Corner Braking Control (CBC) is standard across all variants. Dual rear fog lamps will ensure you are visible in low-visibility conditions.

For your personal safety all the doors feature puddle lamps to illuminate your getting in-and-out of the vehicle in the dark, whilst the time-delayed follow-me-home headlamps will remain on long enough to show you the way to your door. Speed-sensing door locks will keep you and your passengers safe, and the factory-fitted engine immobiliser and security alarm will help to deter the criminal element.

Safety

Accessorise your ride.

Make your KUV100 really your own with a selection of Genuine Accessories from Mahindra to make it unique. These include everything from nudge bars and side steps, to scuff plates and floor mats. Ask your dealer for more information.

O1 - The rain visor set improves ventilation and reduces stuffiness in the rain, whilst the fine polyester magnetic cling on sun shades will help you to beat the heat.
O2 - Stainless steel scuff plates with sandblasted logo for all doors.
O3 - Full metal construction side step with plastic inserts - directly fitted to chassis.
O4 - There are various commercially available bicycle rack options that are easy-to-fit and will make weekends out in the fresh air a breeze.
